WHAT IS LOVE HAS NO LIMITS?

Love Has No Limits unites, empowers, and activates hundreds of NGOs, churches, community champions, and influencers, alongside tens of thousands of volunteers, to provide sustainable solutions to some of the greatest challenges facing our communities.

This year hundreds of local churches, NGOs, community champions, and influencers, alongside tens of thousands of volunteers from across the Houston metro area, will unite their focus to bring sustainable solutions to Houston's greatest challenges.

Then this fall, we'll gather for 1DayHouston, a historic day of service followed by a stadium event to celebrate what love can do. At the stadium, an invitation will be given to the thousands in person and millions watching online to take their next steps towards hope, help, and healing through Jesus Christ.

1DayLA

In 2020 and 2021, in the midst of a pandemic and national division, this philosophy and strategy was applied for the first time in the city of Los Angeles, CA.

641 Faith Communities officially partnered.

\$47 Million in medical debt for 23,000 families in LA County paid off.

+2,000 families took the first step to foster, adopt, or care for families in crisis.

35 California State Prisons streamed messages of hope to inmates. Over 3,500 in attendance each week.

+100,000 families served throughout the 1DayLA campaign.

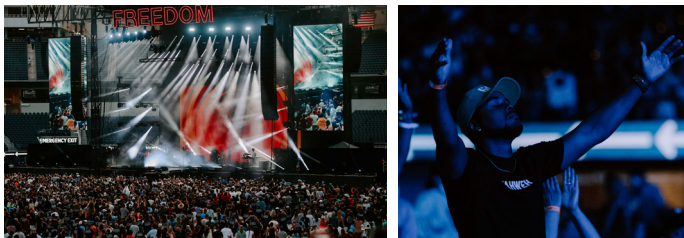

SoFi Stadium

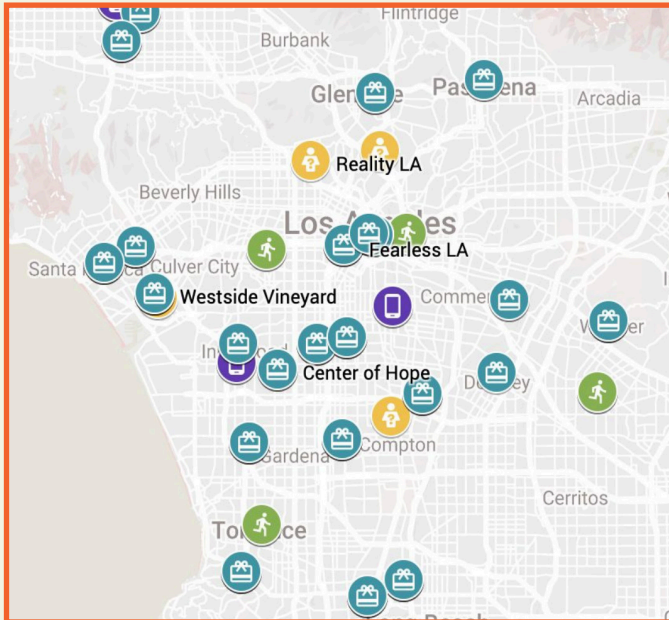

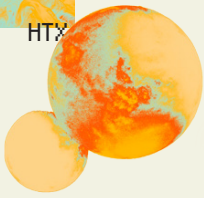

+500 million impressions on social media with content from the 1DayLA Stadium Event.

+25 million views of The 1DayLA Stadium Event.

+13 social media posts by @JustinBieber.

+40 million likes, video views, and user impressions.

Every campaign initiative is built around an existing community champion or NGO in order to steward sustainability.

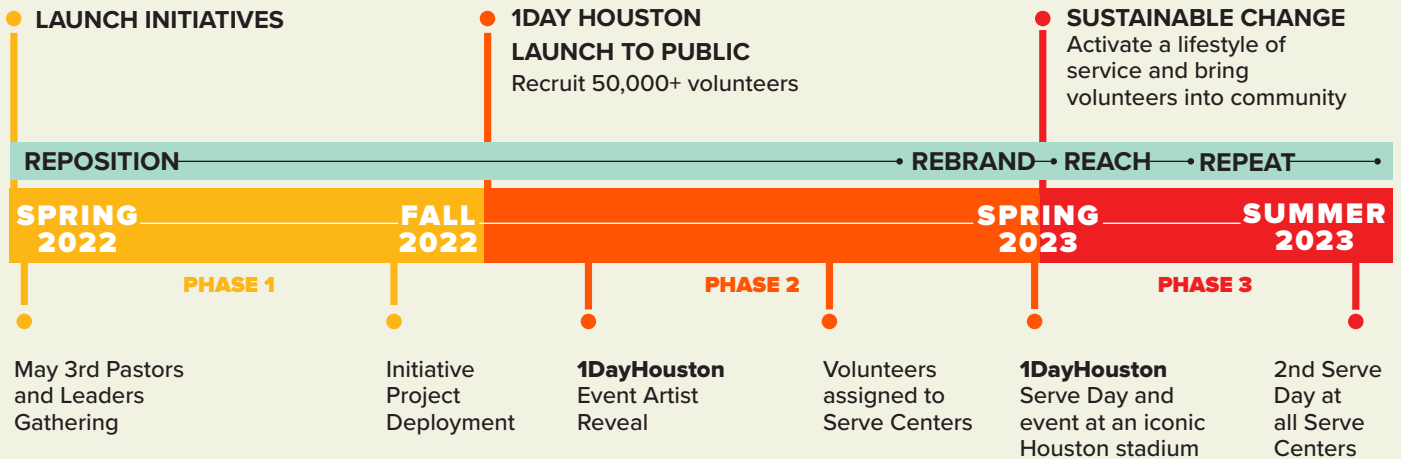

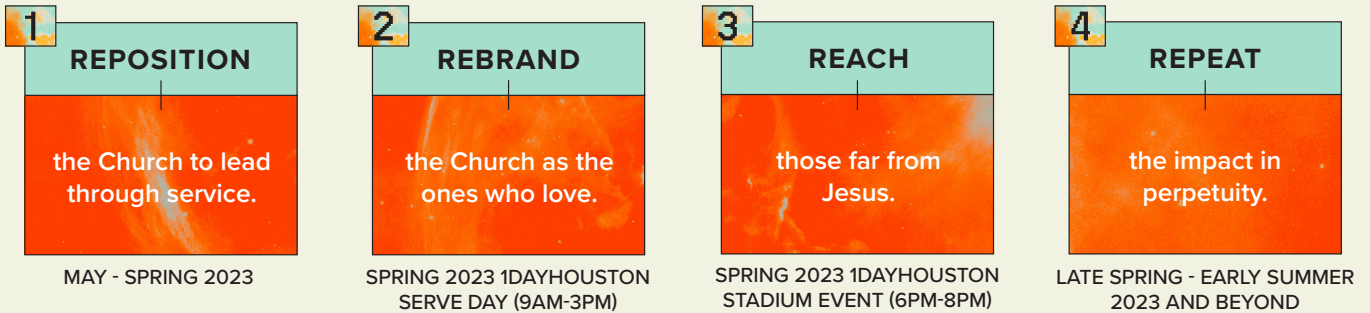

Campaign sustainability is achieved when initiatives move from an adopted cause to an adopted culture.

161

Connections made between LA organizations and new capabilities.

We believe the local church is best positioned to bring sustainable impact to our communities. Here's how we'll do it:

How Do We Create Change?

We focus on initiatives that close the cycle, addressing not just the symptoms, but the root causes behind our city's most deeply entrenched problems. By rallying churches, businesses, nonprofits, government, and thousands of volunteers to team-tackle these issues on an unprecedented scale, we can create new solutions for the long term.

Here are the areas we believe the Church can bring transformation across the Houston metro area:

CHILD WELFARE

INTERNATIONAL REFUGEES

SCHOOLS

POVERTY

FAITH COMMUNITY INTEGRATION

40,000 - 50,000

500 - 1,000

30 - 50

\$40,000,000

\$10,000,000

REBRAND THE CHURCH AS 'THE ONES WHO LOVE'

THROUGH A DAY OF MONUMENTAL SERVICE
Spring 2023

Today, if you were to ask many American nonbelievers their impression of Christians and Christianity, the response would often range from indifferent to hostile. We plan to rally 50,000 people and hundreds of local churches to empower the city in a widespread, transformative way. The ten-year qualitative goal of this moment is that the logical conclusion of atheists and agnostics when they hear the word “church” or “Christian” will be: “Those are the people who love no matter what.”

That day, Serve Centers will host school events, beautification projects, sports clinics, building projects, aid distribution, and solution-based initiatives.

Volunteers from Houston will unite to empower their community.

Faith communities in Houston will be transformed into Serve Centers.

Major public middle & high schools implementing social and emotional learning programs for students.

In medical debt eradicated in Houston.

Gift in kind distribution via sustainable Serve Center/CityServe partnerships.

REACH THOSE FAR FROM JESUS

THROUGH A HISTORIC STADIUM EVENT

Spring 2023

At the end of the day of service, every volunteer will gather for a concert celebration and gospel presentation in an iconic Houston stadium. Leveraging the draw of top musical artists, tens of thousands will experience this moment in the stadium, and millions watching online will be invited to take their next steps towards hope, help, and healing through Jesus Christ.

“Find hope, help, prayer, and a church near you.”

REPEAT THE IMPACT IN PERPETUITY

WITH MOMENTUM FOR LONG-TERM SOLUTIONS

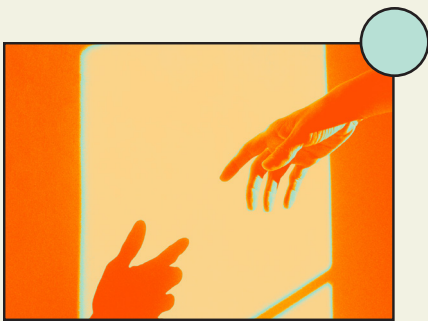

2023 and beyond

1DayHouston isn't the finish line for this movement. It is the launching pad for sustainable solutions for our city.

Serving once changes lives; serving again changes culture.

In the weeks following 1DayHouston, unchurched volunteers will be invited to serve again with their original Serve Centers with local champions and volunteers for a second day of love and service, giving unchurched volunteers multiple experiences with the local church. As Serve Centers stay activated, engagement increases and collaboration multiplies.

Imagine Houston as a place where the Church becomes the center of service and love in every community.

HOW YOU CAN LOVE YOUR CITY:

INDIVIDUALS can volunteer to serve and attend the stadium event.

FAITH COMMUNITIES can transform into Serve Centers.

NON-PROFITS can host outreach and scale their models for impact with new volunteers.

BUSINESSES can donate goods and services to reach more Houston families.
